

Panopto LTI student submission assignment- Student submission

Locate your assignment and click on the link. Note the assignment will look like a Blackboard assignment with the icon below:

Panopto testerooni ✓

Please submit your video assignments here.

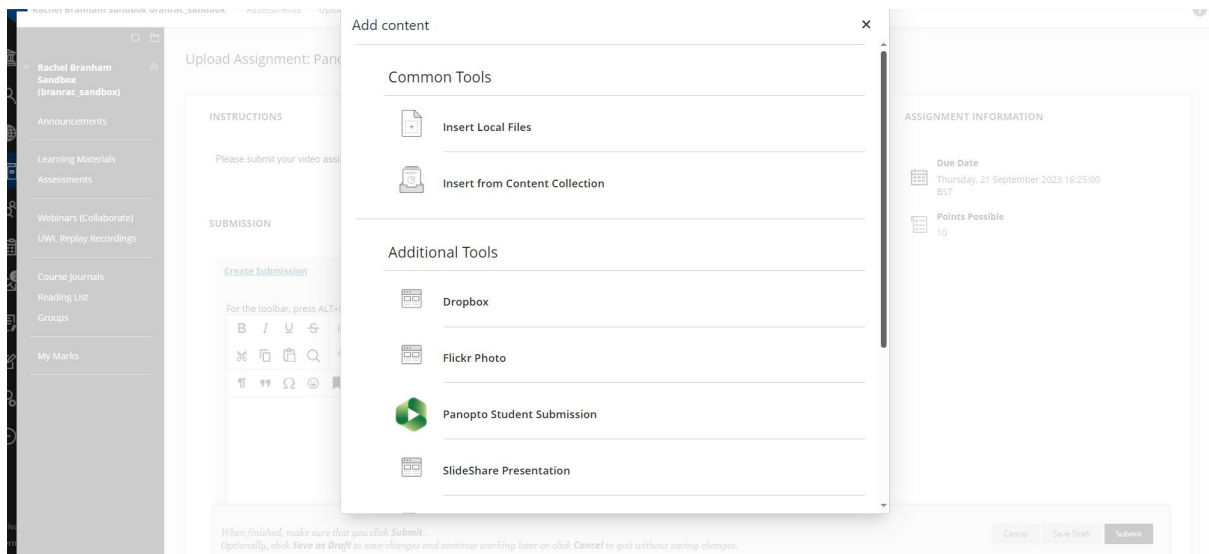

Click on "Create Submission":

The screenshot shows the 'Upload Assignment: Panopto testerooni' page. On the left is a navigation menu for 'Rachel Branham Sandbox (branrac_sandbox)'. The main content area is divided into 'INSTRUCTIONS' (Please submit your video assignments here.), 'SUBMISSION' (with buttons for 'Create Submission', 'Upload Files', and 'Add Comments'), and 'ASSIGNMENT INFORMATION' (Due Date: Thursday, 21 September 2023 16:25:00 BST; Points Possible: 10). At the bottom, there are 'Cancel', 'Save Draft', and 'Submit' buttons.

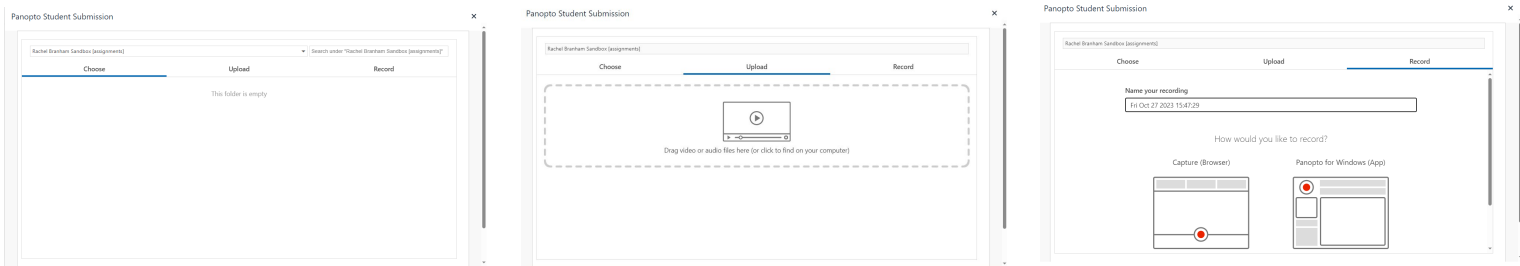

In the field that appears, there is a + symbol (if this is hidden, it accessed by clicking the three dots "...")

This screenshot shows the rich text editor interface for the 'Create Submission' button. The toolbar includes options for bold, italic, underline, text color, background color, font face (Arial), font size (10pt), bulleted list, numbered list, indent, outdent, link, unlink, image, video, and other formatting tools. A plus sign (+) is visible in the bottom left corner of the editor area. The rest of the page layout is consistent with the previous screenshot.

This opens a new field. Scroll to “Additional Tools” and click on “Panopto Student Submission”:

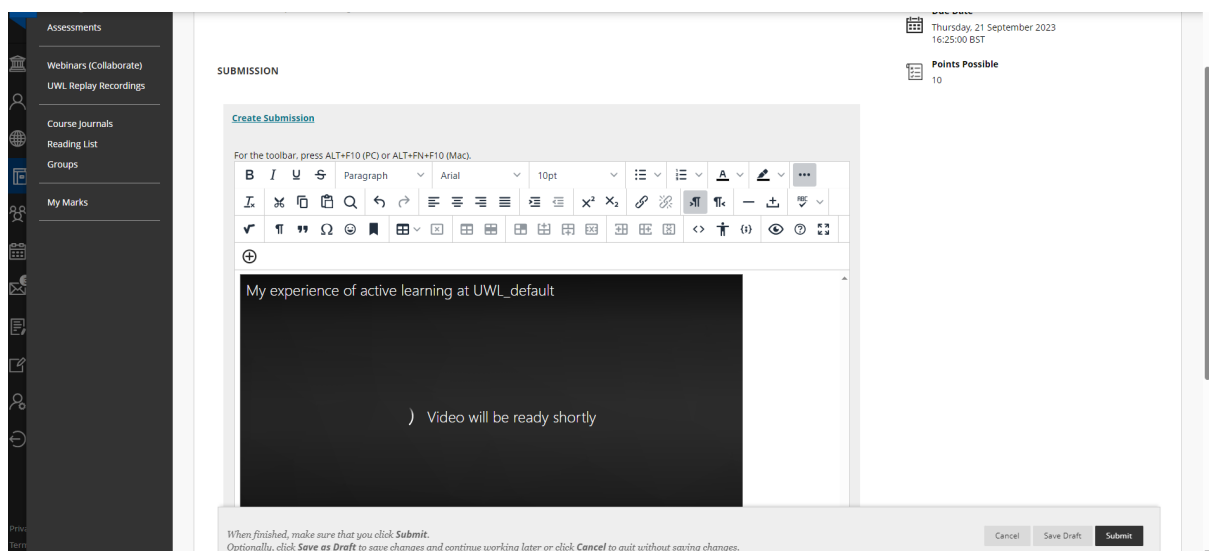

From here, you can either select a recording previously made in Panopto, upload a recording you have made elsewhere, or complete a recording using Panopto Capture.

Additional information on using [Panopto Capture](#) and other questions can be found on the [Panopto Support Site](#).

Once an option has been selected, press “insert”. The recording will be embedded in the assignment submission page:

Press “submit” at the bottom right corner.
